

## Low Level Laser Therapy & Hives testimonials

### Hives

#### *Amy Beaumont, Rapid City, SD*

Dallas (age 7) broke out in hives one evening ... from what, we still don't know. Anyway, I lasered each hive with our Q1000, and "poof" the next morning they were gone. Sorry, because they went away so fast, I didn't remember to take an after photo. Thanks for the great healing tool!
